

## **Ushers / Greeters**

First impression count for new attendees. Generally, our ushers are the first they see outside of the sanctuary. Therefore, it is important that they greet and make newcomers welcome.

Ushers provide Sunday's bulletin and "Love In Action" tickets to those entering the sanctuary. As there is more space in front of the building than in the Narthex, possibly the ushers should also be considered the greeters of the congregation.

Our ushers open the worship service by posting the cross and flames within the sanctuary. During the service, they take the offering, and before the benediction take out the cross and flames.
